INSURING THE FUTURE OF PEST CONTROL

A five-minute training Series for Pest Management Professionals.

Protection from Tailgaters

Name _____

Date _____

- | | True | False |
|--|--------------------------|--------------------------|
| 1. A tailgater can typically be ignored because if they hit you from behind that's their problem. | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. When being followed too closely, swerve your vehicle back and forth in the lane to get the other driver's attention. | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. Increasing your following distance from the car in front of you, is a good way to help protect yourself from a rear-end collision. | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. If you speed up to rid yourself of a tailgater, it is likely that the driver will just speed up along with you. | <input type="checkbox"/> | <input type="checkbox"/> |
| 5. A real danger of breaking to lose a tailgater is that the driver will over-react to seeing break lights and endanger some other driver. | <input type="checkbox"/> | <input type="checkbox"/> |
