

PestSure Safety Tips

INSURING THE FUTURE OF PEST CONTROL

A five-minute training Series for Pest Management Professionals.

Night Driving Safety

Name _____

Date _____

- | | True | False |
|--|--------------------------|--------------------------|
| 1) Traffic deaths are three times higher after dark than during daylight hours. | <input type="checkbox"/> | <input type="checkbox"/> |
| 2) If you have car trouble after dark, avoid using hazard flashers so you don't distract other drivers. | <input type="checkbox"/> | <input type="checkbox"/> |
| 3) Following the car ahead of me very closely at night, will improve both my visibility and that of the driver in front of me, by illuminating the road around us. | <input type="checkbox"/> | <input type="checkbox"/> |
| 4) Twilight is a very difficult time to drive due to the need for your eyes to constantly adapt to the changing level of light. | <input type="checkbox"/> | <input type="checkbox"/> |
| 5) When an oncoming driver does not switch to low beam, watching the right edge of the road and using it as a guide is a good defensive technique. | <input type="checkbox"/> | <input type="checkbox"/> |
