

A five-minute training Series for Pest Management Professionals.

## Safe Operating Conditions

Name \_\_\_\_\_

Date \_\_\_\_\_

- |   | True                     | False                    |
|---|--------------------------|--------------------------|
| 1. Taking time to inspect your vehicle before each departure will help you focus on the task of driving.  | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Sunglasses, though a nice fashion accessory, have little to do with your ability to safely operate your motor vehicle.                         | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. Driving slowly for the first few miles with the defrost setting on high is a good way to make certain your windows are clear and unobstructed. | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. Running out of gasoline in a high traffic area can be very dangerous.  | <input type="checkbox"/> | <input type="checkbox"/> |
| 5. The back window ledge of a vehicle is a good place to store items out of the way of other passengers.  | <input type="checkbox"/> | <input type="checkbox"/> |
